PROFESSIONAL SUMMARY

Purposeful Data Analyst and Customer Service Professional with 4+ months of hands-on experience at Vodafone Egypt and proven expertise in data cleaning, dashboard creation, and customer issue resolution. I am skilled in Excel and Power BI for transforming raw data into actionable insights. Demonstrated leadership as Team Leader at Digital Egypt Pioneers Initiative (DEPI). Strong communicator with excellent problem-solving abilities and a commitment to data-driven decision-making and continuous learning.

PROFESSIONAL EXPERIENCE

Team Leader | Digital Egypt Pioneers Initiative (DEPI)

Cairo, Egypt

- Led and guided project teams in comprehensive data analytics projects, ensuring effective collaboration and timely delivery of insights.
- Managed HR Analytics, Sales Operations, and Retail Sales Analysis projects with measurable business impact
- Coordinated cross-functional teams to deliver data-driven solutions for operational decision-making.

Customer Care Advisor | Vodafone Egypt (Aspiring Red Account)

Zahraa El-Maadi, Egypt | February 2026 - Present

- Handle inbound customer inquiries and complex complaints with expertise in problem-solving and resolution.
- Document case details in CRM systems, coordinate follow-up actions, and improve resolution quality and customer satisfaction.
- Apply active listening, professional communication, and conflict resolution skills to de-escalate concerns and build positive interactions.
- Identify recurring customer pain points and communication patterns to support service improvement and operational decision-making.

Data Analysis Practice & Academic Projects

Self-Directed & Academic | 2025 - Present

- Cleaned and organized raw datasets in Excel to improve data quality, consistency, and readiness for analysis.
- Built interactive Power BI dashboards to track KPIs, visualize trends, and present insights for data-driven decisions.
- Interpreted findings and summarized results in action-oriented formats to support organizational decision-making.
